First, the bad news: an ancient evil--you know, your standard consume-all-life-in-the-galaxy deal--is about to be unleashed. The good news? Squad 312 is standing by to save the day. They've just got to take care of a few small distractions first. Like the clan of gremps who'd like to rearrange their favorite faces. And the cadre of illegit GIA agents with creepy flowers where their eyes used to be, who'll stop at nothing to get their hands on Auri. Then there's Kal's long-lost sister, who's not exactly happy to see her baby brother, and has a Syldrathi army at her back. With half the known galaxy on their tails, Squad 312 has never felt so wanted. When they learn the Hadfield has been found, it's time to come out of hiding. Two centuries ago, the colony ship vanished, leaving Auri as its sole survivor. Now, its black box might be what saves them. But time is short, and if Auri can't learn to master her powers as a Trigger, the squad and all their admirers are going to be deader than the Great Ultrasaur of Abraaxis IV. Shocking revelations, bank heists, mysterious gifts, inappropriately tight bodysuits, and an epic firefight will determine the fate of the Aurora Legion's most unforgettable heroes--and maybe the rest of the galaxy as well. Though her husband grew up here, it's the first time he's been back in twenty years. Digging in the peat on their new property, Tora unearths a human body: at first glance a centuries-old bog body, interesting but not uncommon. But realizing that the body is in fact much newer, that the woman's heart has been cut out and that she was killed within a few days of bearing a child, Tora, herself an obstetrician, becomes obsessed with finding out what happened to her—even when the police, her colleagues, and eventually her husband warn her against getting involved. Reading town records and researching local lore, Tora discovers a disturbing link to ancient Shetland legend and uncovers a collection of deep, dark secrets—the kind of secrets worth killing for. Once she dreamed of being the lady there herself, until the English came and destroyed the lives of everyone she knows. Now Gwenhwyfar must wait hand and foot on this bratty English girl who has taken what should have been hers. *dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshipers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once roamed its wilds have departed forever. AN IMPOSSIBLE QUEST The hunters of Shima's imperial court are charged by their Shogun to capture a thunder tiger – a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. A HIDDEN GIFT Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire. If you can't get what you want then take it with force. That's the motto that these individuals live by. Captivated by the darkness inside them, they don't take no for an answer. Their desire is all encompassing. Their needs overwhelming. There's a thin line between villain and hero but these master manipulators will stop at nothing to claim what is theirs. Cue Zila, Fin, and Scarlett (and MAGELLAN!): making friends, making enemies, and making history? Sure, no problem Cue Tyler, Kal, and Auri: uniting with two of the galaxy's most hated villains? It's a secret that Holly is desperate to protect, especially from Eden's half-brother, Jack, who knows nothing about his sister or the crucial role she plays in his life. Holly has no one to turn to—her mother is the only other person in the world who knows that Peter is more than a story, but she refuses to accept that he is not the*
