**How to Raise an Antiracist** Aug 10 2021 NEW YORK TIMES BESTSELLER • The book that every parent, caregiver, and teacher needs to raise the next generation of antiracist thinkers, from the author of *How to Be an Antiracist* and recipient of the MacArthur “Genius” Grant. “Kendi’s latest . . . combines his personal experience as a parent with his scholarly expertise in showing how racism affects every step of a child’s life. . . . Like all his books, this one is accessible to everyone regardless of race

or class.”—Los Angeles Times (Book Club Pick)  
The tragedies and reckonings around racism that are rocking the country have created a specific crisis for parents, educators, and other caregivers: How do we talk to our children about racism? How do we teach children to be antiracist? How are kids at different ages experiencing race? How are racist structures impacting children? How can we inspire our children to avoid our mistakes, to be better, to make the world better? These are the questions Ibram X. Kendi found himself avoiding as he anticipated the birth of his first child. Like most parents or parents-to-be, he felt the reflex to not talk to his child about racism, which he feared would stain her innocence and steal away her joy. But research and experience changed his mind, and he realized that raising his child to be antiracist would actually protect his child, and preserve her innocence and joy. He realized that teaching students about the reality of racism and the myth of race provides a protective education

in our diverse and unequal world. He realized that building antiracist societies safeguards all children from the harms of racism. Following the accessible genre of his internationally bestselling *How to Be an Antiracist*, Kendi combines a century of scientific research with a vulnerable and compelling personal narrative of his own journey as a parent and as a child in school. The chapters follow the stages of child development from pregnancy to toddler to schoolkid to teenager. It is never too early or late to start raising young people to be antiracist.

### **The Feminist's Guide to Raising a Little Princess**

Nov 01 2020 "May God grant me the serenity to accept the color pink, the courage to not let my house become a shrine to pink and princesses, and the wisdom to know that pink is just a color, not a decision to never attend

college in the hopes of marrying wealthy." - from The Feminist's Guide to Raising a Little Princess Smart, funny, and thought-provoking, this book shows feminist parents how to navigate their daughters' princess-obsessed years by taking a non-judgmental and positive approach. Devorah Blachor, an ardent feminist, never expected to be the parent of a little girl who was totally obsessed with the color pink, princesses, and all things girly. When her three-year-old daughter fell down the Disney Princess rabbit hole, she wasn't sure how to reconcile the difference between her parental expectations and the reality of her daughter's passion. In this book inspired by her viral New York Times Motherlode piece "Turn Your Princess-Obsessed Toddler Into a Feminist in Eight Easy Steps," Blachor offers insight, advice, and plenty of humor and personal anecdotes for other mothers who cringe each morning when their daughter refuses to wear anything that isn't pink. Her story of how she surrendered control and

opened up—to her Princess Toddler, to pink, and to life—is a universal tale of modern parenting. She addresses important issues such as how to raise a daughter in a society that pressures girls and women to bury their own needs, conform to a beauty standard and sacrifice their own passions.
