Macroeconomics key terms Macroeconomics practice questions Index Exam Board: AQA Level: AS/A-level Subject: Economics Reinforce students' understanding throughout the course. Clear topic summaries with sample questions and answers will help to improve exam technique to achieve higher grades. Written by experienced authors Ray and James Powell, this Student Guide for Economics focuses on individual economic decision-making, market failure and government intervention in markets. The first section, Content Guidance, summarises content needed for the exams, with knowledge-check questions throughout. The second section, Questions and Answers, provides samples of different questions and student answers with examples of how many marks are available for each question. Students can: - Identify key content for the exams with our concise summary of topics - Find out what examiners are looking for with our Questions and Answers section - Test their knowledge with rapid-fire questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce their learning with bullet-list summaries at the end of each section Exam Board: Edexcel Level: A-level Subject: Psychology First Teaching: September 2015 First Exam: June 2016 Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced teacher and examiner Christine Brain, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers psychological skills. - Consolidate students' knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach each question with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded. Target exam success with My Revision Notes. Our updated approach to revision will help students learn, practise and apply their skills and understanding. Coverage of key content is combined with practical study tips and effective revision strategies to create a revision guide students can rely on to build both knowledge and confidence. - Plan and manage a successful revision programme using the topic-by-topic planner - Enjoy an interactive approach to revision, with clear topic summaries that consolidate knowledge and related activities that put the content into context - Build, practise and enhance exam skills by progressing through revision tasks and Test Yourself activities - Improve exam technique through examstyle questions and sample answers with commentary from expert authors and teachers - Get exam ready with extra quick quizzes and answers to the activities available online Everything you need for AQA A-level Economics rewritten and restructured into one book from Ray Powell and James Powell for A-level teaching and learning, revised and up-to-date with new material including case studies, features and practice questions. -Ensures students are fully prepared for all the topics on the AQA A-level Economics specification, now all together in one book -Features up-to-date case studies with more questions to help students engage with and explain the latest economic developments, including the effects of Brexit -Improves students' assessment and qualitative skills with detailed practice style questions, designed to address challenges students have faced in recent A-level exams -Gets students ready for success with new content including regular content summaries, more knowledge check questions and synoptic links -Increase student confidence in understanding and explaining key economic issues with relevant examples and information in context Exam board: Cambridge Assessment International Education Level: A-level Subject: Thinking Skills First teaching: September 2018 First exams: Summer 2020 Endorsed by Cambridge Assessment International Education to provide full support of the syllabus for examination from 2020. Improve problem solving and critical thinking skills for studies and life beyond the classroom, while ensuring full coverage of the Cambridge International AS & A Level Thinking Skills syllabus (9694). - Focus on creative problem-solving with a clear model demonstrating how to assess the problem, choose and implement the appropriate strategy and give the answer. - Improve your critical thinking skills through a meticulous and rigorous approach to analysing, evaluating and constructing arguments and forming well-reasoned judgments - Prepare for further study and life beyond the classroom with advice and guidance from

experienced authors. - Consolidate learning with a range of problems, exercises and examination-style questions. Available in this series: Student Textbook (ISBN 9781510421899) Student eTextbook (ISBN 9781510422230) Whiteboard eTextbook (ISBN 9781510422247) Teaching & Learning Resources (ISBN 9781510424203) Exam Board: AQA Level: AS/A-level Subject: PE First Teaching: September 2016 First Exam: June 2017 Inspire, motivate and give confidence to your students with AQA PE for A Level Book 1. This reliable and accessible textbook will offer your students comprehensive support for both the academic and practical elements of the course. This Student's Book has been selected for AQA's official approval process. - Key questions to direct thinking and help students focus on the key points - Diagrams to aid understanding - Summaries to aid revision and help students access the main points - Extension questions, stimulus material and suggestions for further reading to stretch, challenge and encourage independent thinking and a deeper understanding - Definition of key terms - again to aid and consolidate understanding of technical vocabulary and concepts - Activities to build conceptual understanding and sound knowledge and understanding, analysis, evaluation and application skills Contents: Section 1 Applied Anatomy and Physiology 1.1 The cardiovascular system (Sue Young) 1.2 The respiratory system (Sue Young) 1.3 The neuromuscular system (Sue Young) 1.4 The musco-skeletal system and analysis of movement in physical activities (Sue Young) Section 2 Skill acquisition 2.1 Skill acquisition (Carl Atherton) 2.2 Principles and theories of learning and performance (Carl Atherton) Section 3 Sport and society 3.1 Emergence of globalization of sport in the 21st century (Symond Burrows) 3.2 The impact of sport on society and of society on sport (Symond Burrows) Section 4 Exercise physiology 4.1 Diet and nutrition and their effect on physical activity and performance (Sue Young) 4.2 Preparation and training methods in relation to maintaining physical activity and performance (Sue Young) Section 5 Biomechanical movement 5.1 Biomechanical principles and levers (Sue Young) Section 6 Sport psychology 6.1 Physiological influences on the individual (Carl Atherton) 6.2 Further psychological effects on the individual (Carl Atherton) 6.3 Psychological influences on the team (Carl Atherton) Section 7 The role of technology in physical activity and sport 7.1 The role of technology in physical activity and sport (Symond Burrows) Section 8 Assessment 8.1 Tackling the AS exam (Ross Howitt) 8.2 Tackling the non-examined assessment (Ross Howitt) Oxford Revision Guides are highly effective for both individual revision and classroom summary work. The diagrammatic approach makes the key concepts and processes, and the links between them, easier to memorize. Comprehensive coverage Key topics are graphically presented on page spreads, making the books extremely easy to use. Additionally, this book features specification matching grids so that you can feel confident that your specification is covered. Saves revision time Your students will save valuable revision time by using these notes instead of condensing their own. In fact many students are choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes. This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2022. Confidently navigate the updated Cambridge International AS & A Level Biology (9700) syllabus with a structured approach ensuring that the link between theory and practice is consolidated, scientific skills are applied, and analytical skills developed. - Enable students to monitor and build progress with short 'self-assessment' questions throughout the student text, with answers at the back of the book, so students can check their understanding as they work their way through the chapters. - Build scientific communication skills and vocabulary in written responses with a variety of exam-style questions. - Encourage understanding of historical context and scientific applications with extension boxes in the student text. - Have confidence that lessons cover the syllabus completely with a free Scheme of Work available online. - Provide additional practice with the accompanying write-in Practical Skills Workbooks, which once completed, can also be used to recap learning for revision. Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020. We are working towards endorsement of this title for the Edexcel A level specification from 2016. Develop all four language skills with exam-style practice and a thematic approach to the latest specification. - Ease the transition from GCSE to AS with transitional sub-units covering AS themes - Equip students with the tools for film and literary analysis - Build grammar and translation skills with theme-related practice. A new series of bespoke, full-coverage resources developed for the 2015 A Level English qualifications. Endorsed for the AQA A/AS Level English Language specifications for first teaching from 2015, this print Student Book is suitable for all abilities, providing stretch opportunities for the more able and additional scaffolding for those who need it. Helping bridge the gap between GCSE and A Level, the unique three-part structure provides essential knowledge and allows students to develop their skills through a deeper study of key topics, whilst encouraging independent learning. An enhanced digital version and free Teacher's Resource are also

available. The noted cultural critic Gerald Early explores the intersection of race and sports, and our deeper, often contradictory attitudes toward the athletes we glorify. What desires and anxieties are encoded in our worship of (or disdain for) high-performance athletes? What other, invisible contests unfold when we watch a sporting event? Hillier is a friendly guide for those new to the world of further and adult education or for those... finding themselves required for the first time to work towards a formal teaching qualification.' Richard Sykes, *Studies in the Education of Adults* 'This is a useful book... [It] systematically covers the FENTO standards for teaching and supporting learning in further education...' Ron Kirby, *Youth & Policy* This second edition of the best-selling textbook *Reflective Teaching in Further and Adult Education* has been extensively revised and updated throughout. The book has: - An updated chapter on new government policy in lifelong learning. - Details of the changing qualifications framework, foundation degrees and e-learning - An expanded chapter on professional practice - New sections on disability awareness, working with young people, and new technologies. - Checklists, examples, scenarios and figures to aid learning - Chapter summaries to aid navigation of the text - A guide to the FENTO standards at the end of each chapter - Guides for further reading and websites - A glossary of unfamiliar terms This comprehensive, accessibly-written textbook is a practical resource which will be invaluable to teachers in further and adult education, whether in-training or in-service.

Develop students' experimental, analytical and evaluation skills with contemporary and topical biology examples, practical assessment guidance and differentiated end of topic questions, with this AQA Year 1 student book (includes AS-level) - Provides support for all 12 required practicals with plenty of activities and data analysis guidance - Develops understanding with engaging and contemporary examples to help students apply their knowledge, analyse data and evaluate findings - Gives detailed guidance and examples of method with a dedicated 'Maths in Biology' chapter and mathematical support throughout to consolidate learning - Offers regular opportunities to test understanding with Test Yourself Questions, Differentiated End of Topic Questions and Stretch and Challenge Questions - Supports exam preparation with synoptic questions, revision tips and skills - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Please note this title is suitable for any student studying: Exam Board: Edexcel Level: A Level Year 1 and AS Subject: Geography First teaching: September 2016 First exams: June 2018 A student-friendly and engaging textbook for the Edexcel GCE A Level Year 1 and AS specifications. It has been specially written to match the demands of the 2016 specifications and has been endorsed for Edexcel. The coverage of key geographical concepts and processes is accessible and clear, and all students will be engaged by the interesting, up-to-date examples and case studies - while the rigour, detail, and depth required by the specifications is retained throughout. Clearly-written objectives open each section, setting out for students what they need to learn, and high-quality photos, maps, and diagrams aid explanations. Motivating activities, exam-style questions, and coverage of the required skills are strong features. The book is completed with a glossary for each chapter and a full index. Answer guidance for the activities is available on Kerboodle (school purchase only). This series is for the Cambridge International AS & A Level IT syllabus (9626) for examination from 2019. This coursebook provides a clear and comprehensive guide to assist students as they develop theoretical and practical IT skills. It contains detailed explanations of theoretical and practical concepts and tasks, with worked examples and exercises to consolidate knowledge. Practical tasks are offered throughout the book, with source files on the accompanying CD-ROM, to help students build and develop their practical knowledge. Frustrated with exam guides that provide mainly content and only a few questions? Or the opposite, with just practice questions but with no content for support? Oxford Facts and Practice are here to help and they do just what they say on the cover: give facts and practice for A Level. - All that students need to know in 56 pages - Designed for the new A- and AS-Level specifications, each book starts with tips on exam technique and a description of the main specifications - The authors all work in a tutorial college and are very experienced in preparing students for examinations from all of the exam groups. - The books have been extensively trialled to ensure that they provide lucid explanations at the right level of detail The Extending Knowledge and Skills series is a fresh approach to A Level Psychology, designed for greater demands of the new AQA specification and assessment, and especially written to stretch and challenge students aiming for higher grades. Dealing with the optional topic of AQA 's Paper 3: Schizophrenia, this book is deliberately laid out with the assessment objectives in mind, from AO1: Knowledge and understanding material, followed by AO2: Application material, to AO3: Evaluation and analysis material. Providing the most in-depth, accessible coverage available of individual topics in Paper 3, the text is packed full of pedagogical features, including: Question Time features to ensure that the reader is consistently challenged throughout the book. New research sections clearly distinct within each

chapter to ensure readers have access to the most cutting-edge material. A clear focus on the assessment objectives for the paper topic to ensure readers know when and where to apply knowledge. The use of example answers with examiner style comments to provide greater insight into how to/how not to answer exam questions. An engaging, relevant and challenging text that broadens student understanding beyond that of the average textbook, this is the essential companion for any student taking the AQA A Level Paper 3 in Psychology. This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1. England 1445-1509: Lancastrians, Yorkists and Henry VII This title explores the reigns of the English Kings from Henry VI to Henry VII. It allows an in-depth understanding of the key historical knowledge, terms and concepts relevant to 'England 1461-1509' and encourages the critical use of evidence in investigating and assessing historical questions in the associated enquiry: 'Wars of the Roses 1445-1461'. This title covers the following period study and enquiry: - Wars of the Roses 1445-1461 - England 1461-1509 Reinforce understanding throughout the course with clear topic summaries and sample questions and answers to help students target higher grades. Written by experienced teacher and subject expert Christine Brain, our Student Guides are divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - - Develop understanding of key concepts and terminology; this guide covers foundations in psychology: social psychology, cognitive psychology, biological psychology and learning theories. - - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - - Build understanding of the different question types, so that students can approach each question with confidence. - - Enable students to target top grades in Paper 1 with sample answers and commentary explaining exactly why marks have been awarded. - Comprehensive coverage and analysis of relevant political developments helps develop students' knowledge and key skills -Up-to-date examples, case studies and debate feature will improve students' grasp of contemporary developments in UK politics -Includes more synoptic links to help students understand how different topics within the A-level link together -Includes quickfire knowledge-check questions and summaries of key content to help consolidate knowledge and understanding -Features exam-style questions throughout, helping students improve their analysis and evaluation skills -Provides answer guidance for exam-style questions online at www.hoddereducation.co.uk/xxx Reinforce students' understanding of applied anatomy, physiology, exercise physiology and biomechanics and improve their exam technique for component 1: physiological factors affecting performance by utilising this OCR A Level PE Student Guide. Packed full of clear topic summaries, knowledge-check questions and sample exam-style questions and answers with commentaries, this guide will help your students aim for and achieve the highest grades. - Identify key content for the exams with our concise coverage of topics - Find out what examiners are looking for with our Questions and Answers section - Test students' knowledge with rapid-fire knowledge check questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce learning with bullet-list summaries at the end of each section - Newly revised to accompany the Pearson Edexcel specification for Global Politics, with updated case studies and recent developments from around the world - Provides synoptic links within global politics, and across UK and political ideas topics - Includes definitions of key terms and concepts throughout - Includes quickfire knowledge-check questions and summaries of key content to help consolidate knowledge and understanding - Features practice questions throughout, helping students improve their analysis and evaluation skills - Provides answer guidance for exam-style questions online on the Hodder Education website. Exam Board: Non-specific Level: A-level Subject: Politics First Teaching: September 2017 First Exam: June 2018 Build your students' knowledge of the ideas, tensions and key thinkers within the core ideologies of conservatism, liberalism and socialism, plus the additional ideologies of Nationalism, Multiculturalism and Ecologism. Students will understand the core ideas and principles behind the

political ideologies, and how they apply in practice to human nature, the state, society and the economy. - Comprehensive coverage of the ideologies of Liberalism, Conservatism, Socialism, Nationalism, Multiculturalism and Ecologism - Definitions of key terms and concepts to help clarify knowledge and understanding of political language - Exam focus sections at the end of each chapter to test and develop understanding of key topics, offering practice for short and essay questions What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies. Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course while delivering the breadth, depth, and skills needed to succeed in the new A Levels and beyond.
