This thesis describes a method to control rare events in non-equilibrium systems by applying physical forces to those systems but without relying on numerical simulation techniques, such as copying rare events. In order to study this method, the book draws on the mathematical structure of equilibrium statistical mechanics, which connects large deviation functions with experimentally measurable thermodynamic functions. Referring to this specific structure as the “phenomenological structure for the large deviation principle”, the author subsequently extends it to time-series statistics that can be

used to describe non-equilibrium physics. The book features pedagogical explanations and also shows many open problems to which the proposed method can be applied only to a limited extent. Beyond highlighting these challenging problems as a point of departure, it especially offers an effective means of description for rare events, which could become the next paradigm of non-equilibrium statistical mechanics. Tougher than the Rest - Book One MacLarens of Fire Mountain Historical Western Romance Series “A passionate, fast-paced story set in the untamed western frontier by an exciting new voice in historical romance.” Niall MacLaren is the oldest of four brothers, and the undisputed leader of the family. A widower, and single father, his focus is on building the MacLaren ranch into the largest and most successful in northern Arizona. He is serious about two things—his responsibility to the family and his future marriage to the wealthy, well-connected widow who will secure his place in the territory’s destiny. Katherine is determined to live the life she’s dreamed about. With a job waiting for her in the growing town of Los Angeles, California, the young teacher from Philadelphia begins a journey across the United States with only a couple of trunks and her

spinster companion. Life is perfect for this adventurous, beautiful young woman, until an accident throws her into the arms of the one man who can destroy it all. Fighting his growing attraction and strong desire for the beautiful stranger, Niall is more determined than ever to push emotions aside to focus on his goals of wealth and political gain. But looking into the clear, blue eyes of the woman who could ruin everything, Niall discovers he will have to harden his heart and be tougher than he's ever been in his life...Tougher than the Rest. Faster than the Rest - Book Two MacLarens of Fire Mountain Historical Western Romance Series "Headstrong, brash, confident, and complex, the MacLarens of Fire Mountain will captivate you with strong characters set in the wild and rugged western frontier." Handsome, ruthless, young U.S. Marshal Jamie MacLaren had lost everything—his parents, his family connections, and his childhood sweetheart—but now he's back in Fire Mountain and ready for another chance. Just as he successfully reconnects with his family and starts to rebuild his life, he gets the unexpected and unwanted assignment of rescuing the woman who broke his heart. Beautiful, wealthy Victoria Wicklin chose money and power over love, but is now fighting for her life—or is she? Who has she become in the seven years since she left Fire Mountain to take up her life in San Francisco? Is she really as innocent as she says? Marshal MacLaren struggles to learn the truth and do his job, but the past and present

lead him in different directions as his heart and brain wage battle. Is Victoria a victim or a villain? Is life offering him another chance, or just another heartbreak? As Jamie and Victoria struggle to uncover past secrets and come to grips with their shared passion, another danger arises. A life-altering danger that is out of their control and threatens to destroy any chance for a shared future. Harder than the Rest - Book Three MacLarens of Fire Mountain Historical Western Romance Series "They are men you want on your side. Hard, confident, and loyal, the MacLarens of Fire Mountain will seize your attention from the first page." Will MacLaren is a hardened, plain-speaking bounty hunter. His life centers on finding men guilty of horrendous crimes and making sure justice is done. There is no place in his world for the carefree attitude he carried years before when a tragic event destroyed his dreams. Amanda is the daughter of a successful Colorado rancher. Determined and proud, she works hard to prove she is as capable as any man and worthy to be her father's heir. When a stranger arrives, her independent nature collides with the strong pull toward the handsome ranch hand. But is he what he seems and could his secrets endanger her as well as her family? The last thing Will needs is to feel passion for another woman. But Amanda elicits feelings he thought were long buried. Can Will's desire for her change him? Or will the vengeance he seeks against the one man he wants to destroy—a dangerous opponent without a conscious—continue to

control his life? She was a passionate lover. But was she also a murderess? In the first of Paul Doherty's series featuring the time travelling scholar Nicholas Segalla, the reader is transported to the 16th century Scottish court. Perfect for fans of Susanna Gregory and C. J. Sansom. Edinburgh, 1567. Beautiful Mary, Queen of Scots, leaves her ill husband's bedside to attend the wedding festivities of her maid of honour. Hours later, the calm night is shattered by a

devastating explosion. The King's body is found in a field with a cloak, a chair, a slipper and a dagger by his lifeless corpse. When stolen letters cast suspicion on the queen herself, she is accused of murder. Was the fiery Mary the perpetrator of the King's bloody murder, or the object of a ruthless plot of betrayal, crafted by England's most masterful assassin, the Raven Master? Only the shadowy scholar Nicholas Segalla can uncover the truth. What readers are saying about Paul Doherty: 'A cracker, full of twists and turns, with an overarching mystery of who exactly is Segalla' 'Paul Doherty's books are a joy to read' 'The sounds and smells of the period seem to waft from the pages of [Paul Doherty's] books' This book covers GarageBand 10.0. The content and/or media files do not work with subsequent releases of the software. In the only Apple-certified guide to GarageBand 10.0.0, readers will be creating original works within the first few chapters. Focused lessons take you step-by-step through fun, real-world projects, and GarageBand 10.0.0 features. Exclusively for this book, author/musician Mary Plummer works with a host of talented artists ranging from a student songwriter to a professional touring guitarist, an award-winning poet, an independent hip hop recording artist, and award winning dancers to

create all new, real-world projects that readers will step-through. Along the way readers will get to mix a songwriter's demo, test amp simulators and stomp boxes with an electric guitar solo, edit spoken dialog for an audio book, lay down original hip-hop beats using a drum machine patch and dynamic tempo changes, and add percussion and effects to a dance video to enhance the sound. For mobile users, the book includes an overview of GarageBand for iOS and sharing GarageBand songs via iCloud between iOS devices and your Mac. This self-paced learning tool pairs an easy, accessible style with ample illustrations and keyboard shortcuts to guarantee that readers become proficient with GarageBand 10.0.0 in no time. Why study infinite series? Not all mathematical problems can be solved exactly or have a solution that can be expressed in terms of a known function. In such cases, it is common practice to use an infinite series expansion to approximate or represent a solution. This informal introduction for undergraduate students explores the numerous uses of infinite series and sequences in engineering and the physical sciences. The material has been carefully selected to help the reader develop the techniques needed to confidently utilize infinite series. The book begins with infinite series and sequences before moving onto power series, complex infinite series and finally onto Fourier, Legendre, and Fourier-Bessel series. With a focus on practical applications, the book

demonstrates that infinite series are more than an academic exercise and helps students to conceptualize the theory with real world examples and to build their skill set in this area. Join the many readers who've fallen in love with Whiskey Creek, the Northern California town created by New York Times bestselling author Brenda Novak. HOME TO WHISKEY CREEK When Adelaide Davies has returned to Whiskey Creek to take care of her aging grandmother, she isn't happy to be back—there are too many people here who were involved in that terrible June night fifteen years ago, people she'd rather avoid. But popular and successful Noah Rackham is shocked when Adelaide won't have anything to do with him. He has no idea that his very presence reminds her of something she'd rather forget. He only knows that he's finally met a woman he could love. TAKE ME HOME FOR CHRISTMAS Everyone in Whiskey Creek remembers Sophia DeBussi as the town's Mean Girl. Especially Ted Dixon, whose love she once scorned. But Sophia has paid the price—the man she did marry was rich and powerful but abusive. When he goes missing, she learns that he died running from an FBI probe of his investment firm, leaving her penniless and forced to face all the townspeople he cheated. Desperate for work, she accepts a job as

housekeeper for Ted, now a successful writer. He refuses to get emotionally involved, but will the holidays bring them another chance at happiness? COME HOME TO ME When Presley Christensen returns to Whiskey Creek with her little boy, she has completely changed her life. Now she's back in the small town that was the closest thing to “home” she ever knew. There's just one catch. Aaron Amos still lives in Whiskey Creek, and no matter how hard she's tried, Presley hasn't been able to get over him. She's come too far to backslide now. And there's a secret she's been guarding—a secret she'll do anything to protect. None of us are immune from a particular course of action in this lifetime, it surrounds us and is a constant presence. It all began with Eve in the garden and forever reminds us, it's tough to resist. Our choices in this lifetime define who we are and how we are to be remembered, and Alex's journey continues with five tattooed, foul mouthed, sexy and talented men comprising of the greatest Heavy-Metal band in the world. New surprises unfold with this gregarious bunch and even bigger choices now have to be made. When it comes down to it, it's a huge bite of the apple for some, but for Alex, could it be too much? Succumbing and giving in to the urge to do the opposite of what you believe in is the ultimate test and for most, the easy way out. This continues to be Alex's story, these continue to be her choices and now she comes face to face with... TEMPTATION Temptation is Book 4 in the Metal Prodigy Series and should

be read after Redemption Book 1, Resurrection Book 2 and Reconciliation Book 3. The author also recommends reading Trepidation, the first novella in the series released after Book 2 as several references are made relating to it in this book. 199,171 Words Many of the 20th century's most celebrated fictional sleuths appeared in Hollywood movie mystery series of the forties. something in here for everyone. Laugh, cry, and fall in love with the couples of this bestselling series. NOW A NETFLIX ORIGINAL SERIES I hope, for your sake, that you have not chosen to read this book because you are in the mood for a pleasant experience. If this is the case, I advise you to put this book down instantaneously, because of all the books describing the unhappy lives of the Baudelaire orphans, *The Miserable Mill* might be the unhappiest yet. Violet, Klaus, and Sunny Baudelaire are sent to Paltryville to work in a lumber mill, and they find disaster and misfortune lurking behind every log. The pages of this book, I'm sorry to inform you, contain such unpleasantries as a giant pincher machine, a bad casserole, a man with a cloud of smoke where his head should be, a hypnotist, a terrible accident resulting in injury, and coupons. I have promised to write down the entire history of these three poor children, but you haven't, so if you prefer stories that are more heartwarming, please feel free to make another selection. With all due respect, Lemony Snicket
